Daniel Porot, Frances Bolles Haynes : 101 Toughest Interview Questions: And Answers That Win the Job! (101 Toughest Interview Questions Answers That Win the Job) before purchasing it in order to gage whether or not it would be worth my time, and all praised 101 Toughest Interview Questions: And Answers That Win the Job! (101 Toughest Interview Questions Answers That Win the Job):

0 of 0 people found the following review helpful. Good book but not for my fieldBy anthony2823Decent book to get you to think ahead about questions for interviews and how to answer them. However coming from a technical background and career choice it did not help much at all for the IT industry as a good resume and qualifications got me

to the technical interview. This is more of a grueling test from engineers who will ask direct questions based on the job and needs of the company. I won't dismiss this book as it was a good read and is good to read over. 0 of 0 people found the following review helpful. Indispensable!! Helps you decide how to approach questions
By GreenGrassGrowsAllAroundI don't understand the people who didn't like this book. This book is not going to tell you what to say. It is going to help you prepare your mind so you know from which direction you want to answer a question. It is multiple choice of anywhere from 3-6 ideas that you would of course elaborate on and fill in with your own personal details. The format is one question per page, and answer ideas on the back, so you can use them like flashcards. We "played interview" with them on a road trip. It may help you think of a different way of answering that will help you look the best you can. Especially if you don't think real well on your feet and like to rehearse, this book can give you ideas you may not have thought of, and you will feel prepared. Even if you do, this book will give you ideas to be even more polished. Don't miss it. We had it before and it was What Color Is Your Parachute: 100 Toughest Interview Questions. We searched and searched to find it again. This version is a little bigger and easier to read. Love it! 0 of 0 people found the following review helpful. Four Stars
By Nora Connollyok

Nothing is more crucial to landing your dream job than a stellar performance in the all-important interview, that nerve-racking final step to every job search. Extensively updated and revised for today's highly competitive employment market, this compact, concise handbook will prepare you for the most challenging and frequently asked questions you can expect to encounter. Following each question is a list of savvy, can't-miss sample answers, which can be easily modified to reflect your own experience level, skills, and qualifications.
