Great Business Start Up InformationBy dwgody"199 Internet-Based Businesses You Can Start With Less Than One Thousand Dollars" is a very insightful and hands on type of book. Author Sharon L. Cohen gives the reader many helpful insights into how one can begin a business, what to look for and expect concerning the positive as well as the negative aspects. She deals with running a business online, how to set up a home office, advertising, creating an effective web-site and so much more. Then after helping the reader learn what must be done to get a business up and running she devotes the rest of the book to many different types of businesses that can be started within this one thousand dollar amount. She gives information on businesses such as: Advertising, Animals, Clothing, Collectibles, Food, Health Care, Writing and so much more. Each of these areas, as well as others, is expanded upon giving the reader a better understanding of what might work in their local area. She certainly helps the reader see the importance of finding their own niche and not trying to just copy someone's work. There are personal stories included throughout the book of those who have started their own business to provide inspiration and support. There is a very helpful business plan included at the end of the book as well as a table of contents to help the reader jump around should they be looking for a particular area of interest. I found this to be a very insightful book and one that anyone who is considering starting a new business should read. An absolute must read!By Jeffrey HaleWhether your hope is to bring your existing business to a new level or to start a new business online, "199 Internet-Based Businesses You Can Start With Less Than One Thousand Dollars" does a fantastic job detailing the world of e-commerce. This book begins by exploring the pros and cons of owning an online business versus a "brick and mortar" store, touches upon creating a business plan, and ends by offering 199 suggestions of specific business opportunities. Starting a new business can be confusing, however this book offers a concise explanation of exactly how to begin the start up process. While explaining the cost benefits of owning an online business including: a home office space, and decreased marketing and advertising expenses, this book also details other important aspects of creating a business. The significance of search engine optimization (SEO), how to use google analytics for the best performance of your site, as well as a great list of websites that can be helpful for start up businesses is also provided. Specific case studies featuring successful online business owners are presented throughout this book."199 Internet-Based Businesses You Can Start With Less Than One Thousand Dollars" by Sharon L. Cohen, does an excellent job of informing potential and current business owners of the benefit of internet-based businesses. And in a tough economy, this inspirational book is a valuable resource for anyone considering engaging in the "virtual business world".

As the Internet grows and continues to become an increasingly integral part of our lives, so does the opportunity to make money in this arena. Online spending reached nearly \$80 billion not long ago and increased to approximately \$103 billion within a year. An estimated 136 million people shopped online in recent months. These figures suggest that an online business is a worthwhile, lucrative investment. There is no reason to forgo this opportunity, particularly as this book will show you how to start an Internet-based business for less than one thousand dollars. Many people choose to start an online business because they desire a more flexible schedule, hate commuting, and want the ability to work from anywhere. 199 Internet Based Businesses You Can Start with Less than One Thousand Dollars will provide you with a roadmap to success by detailing how other Internet businesses have found success. In addition, you will learn how to evaluate your levels or risk, how to promote your business, how to conduct research, how to find a target market, how to select a Web hosting service, how to attract and keep customers, and how to take advantage of tools like Amazon, Yahoo!, CafePress, and PayPal. In this book, you will be provided with a list of 199 businesses based on the top concepts, which focus on such things as apartment location, art supplies, beauty products, books, coupons, dining guides, e-zines, graphic design, market research, online modeling agencies, photography, tutoring, and Web design. This book will help you identify the online business that is right for you. Whether you are aiming to sell consumer products, professional services, your own expertise, or even your artwork, 199 Internet Based Business You Can Start with Less than One Thousand Dollars will show you how to create a successful online business surrounding that concept.
