By CustomerGreat read for leadership of any kind. Full of great tips and tools for leaders. Very inspiring quotes from famous powerful people. 1 of 2 people found the following review helpful. Good BookBy CustomerPicked this book up in the bookstore but interestingly comes shrink wrapped in plastic so I couldn't peruse it in advance. It's my anecdotal observation that when something is wrapped it's either to protect it or keep you from looking at it before buying it. I favor books like 64 shots for their short pieces and observations that I can pick up

and put down in short bursts without losing the flow of a longer piece that can't be read in a single sitting. Too, I always favor a book that has several take aways that I can put to use immediately. 64 shots is that kind of book. Now, I would have likely given it five stars if it didn't include 60 pages of black and white portraits in the middle. I buy nonfiction business books for content and not for photographs. As a hobbyist photographer the images contained in the book are excellent but I buy photography books to fuel that passion. 60 pages of photos no matter how well done in a nonfiction business book is novel but not really value added for me. Your mileage may vary of course. It's a very good book and I would likely have bought it had it been sixty pages thinner but I was surprised to see the number of pages devoted to photos. 0 of 1 people found the following review helpful. This is a must read!!! Enough said...By Customer  
This book is a catalyst in any persons leadership journey. You cannot skip this book!!!!

64 Shots: Leadership in a Crazy World  
is a compendium of value-accelerators for business and life. It is gathered as a 64 shot method from the astute observations and remarkable life of creative business leader and iconoclast Kevin Roberts. A provocative figure traversing the peaks of global commerce, media and sport, Kevin Roberts - creator of the groundbreaking idea Lovemarks - is recognized as one of today's most uncompromisingly-positive and inspirational leaders. In 64 Shots, Roberts draws on the biggest ideas, toughest experiences and greatest influences of his life to present 16X4 stripped down, straight-forward and instantly-absorbable insights on how to bring order to the chaos of business and life. The punchy insights into winning - hitting readers lightly jab after jab - are an array of one-liners, sound bites, tweets, charts, quotes and historical reference points. They are loaded with Roberts' experience, story, brio, provocation and direction. The language is extreme, brimming with the irrepressible attitude and provocation that fueled Roberts' meteoric career. While there is a sequence, the 64 shots are stand-alone signposts towards living an enterprising and winning life. Anyone can dip into the book anywhere and find value. The writing is accompanied by (not necessarily linked to) a visual order of black-and-white photos of leaders in their cultural fields, some modern, many historical, some famous, and all personal. This eclectic selection of people are both direct and indirect influences to Kevin Roberts' life. They all have an interesting - and some mysterious - connection to concepts of leadership in a crazy world. Examples are: Mary Quant, Vince Lombardi, Margaret Thatcher, Vivienne Westwood, Twiggy, Tom Peters, Peter Drucker, Martin Luther King, Renzo Rosso, Brigit Bardot, Bob Dylan, Sean Fitzpatrick (a rugby player). The book is high touch and glossy. It feels like Apple, not Shakespeare. 64 Shots - will you take them?
