Christopher A. Farrell : Day Trade Online (Wiley Trading) before purchasing it in order to gage whether or not it would be worth my time, and all praised Day Trade Online (Wiley Trading):

Day trading can be quite lucrative, but only if you know what you are doing. As Farrell points out: "Trading for a living is hard. Trading for a living over the Internet is even harder. There are many challenges and obstacles that confront you. Venturing into this jungle unprepared is a recipe for disaster." This straightforward guide provides the head start and heads up necessary to thrive as a day trader, covering everything from the dangers and pitfalls of trading

online to an in-depth analysis of which trading techniques work and which don't. Day Trade Online, Second Edition presents inside information on the strategies of top trading firms, including the most secretive, misunderstood, and profitable function on Wall Street. Most importantly, you will learn to look at ten different stocks and pinpoint which one to trade, when, at what price, and why. With the right know-how, you will be able to apply this knowledge to every single stock that you screen.
