From Routledge : Europeanization and the Southern Periphery (South European Society and Politics) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Europeanization and the Southern Periphery (South European Society and Politics):

Europeanization" is a term increasingly used in the social sciences to describe the impact, convergence or response of politicians and institutions in relation to the European Union. This volume explores the concept in a variety of different settings in order to clarify its meaning.

'Excellent comparative work.' - European of History
