**Peter Montiel, Bijan B. Aghevli, Mohsin S. Khan : Exchange Rate Policy in Developing Countries: Some Analytical Issues (Occasional Paper (Intl Monetary Fund))** before purchasing it in order to gage whether or not it would be worth my time, and all praised Exchange Rate Policy in Developing Countries: Some Analytical Issues (Occasional Paper (Intl Monetary Fund)):

This paper addresses analytical aspects of exchange rate policy and emphasizes the relationship among exchange rate

flexibility, financial discipline, and international competitiveness.
