Now in a Second Edition, this practical book helps corporate executives and managers how to set up a comprehensive and effective fraud prevention program in any organization. Completely revised with new cases and examples, the book also discusses new global issues around the Foreign Corrupt Practices Act (FCPA). Additionally, it covers best practices for establishing a unit to protect the financial integrity of a business, among other subjects. The book has many checklists and real-world examples to aid in implementation and an instructor's URL including a test bank to aid in course adoptions.
