From Oxford University Press : Linking the Formal and Informal Economy: Concepts and Policies (WIDER Studies in Development Economics) before purchasing it in order to gage whether or not it would be worth my time, and all praised Linking the Formal and Informal Economy: Concepts and Policies (WIDER Studies in Development

Economics):

more volume brings together a significant new collection of studies on formality and informality in developing countries. Containing contributions from some of the very best analysts in development studies, the volume is multidisciplinary in nature, with contributions from anthropologists, economists, sociologists, and political scientists.
