be one you can pick up, put down and pick back up a day or two later without losing your place. It has to be engaging as hell so you want to pick it up again. It has to be really, really funny because nothing aids digestion and elimination like a good laugh. Don't believe me? Look it up. A bathroom book has to be witty and satirical enough to impress your friends with how clever you are. It has to be clean enough that you won't be embarrassed if your granny thumbs through it when she's at your place and her prunes kick in. And, it has to be political enough for your overnight guests (you know who I'm talking about... wink, wink) to feel like they weren't complete idiots to have gone home with you. The best toilet tank toppers are long enough to make you feel like you got your money's worth, light enough to read without herniating yourself, and have lots of illustrations for your stupid brother-in-law. (BTW... what was your sister thinking, dude?) The good news? The search is over. "Loaded!" is that book! Buy it and enjoy months, or even years, of pre-flush pleasure. 3 of 3 people found the following review helpful. Crazy and fun read! By LennyPI did enjoy reading this book, but you must be looking at it as a fun form of entertainment. It is a great read for anyone who has ever tried network marketing or other similar business ventures. If you have a warped sense of humor like I do and want a fun read about 2 guys learning to make money from a clueless team of "business experts", I strongly encourage this book. 0 of 0 people found the following review helpful. Advance Praise for Loaded! "These guys are idiots. I would not trust The Dollar Bills to wash my limousine, let alone give me financial advice. With American minds like these poisoning our society, it's no wonder the Chinese are passing us by." ---Donald Trump Even More Praise for Loaded!
