From Palgrave Macmillan : Luxury Brands in Emerging Markets before purchasing it in order to gauge whether or not it would be worth my time, and all praised Luxury Brands in Emerging Markets:

0 of 0 people found the following review helpful. Valuable reference - very goodBy Bernd RoseliebA really interesting book that is not just about China. Like the concept. Surprised that no-one came up with the idea before since emerging markets (BRICS) are so important for the luxury industry. Some chapters were more informative than others (the section on Africa/New Frontier Markets was an eye opener!). Original and full of details. It's a book that is

up to date. You do learn a lot. 0 of 0 people found the following review helpful. Informative with good structure
By HubertusGreat book, I see the author has hands on experience hence making it very easy to understand and relate too. Luxury brands are becoming more popular evwrywhere. I enjoyed it.

This book is an invaluable repository of knowledge that brings clarity to key issues and trends for practitioners, academics and students of luxury brands. It sets out to decode the luxury markets in the primary emerging markets (BRICs) and provide a rich resume of the key factors that influence the effectiveness of luxury brand strategies.

About the AuthorGlyn Atwal is Associate Professor of Marketing at Burgundy School of Business, France. His teaching, research, and consultancy expertise focuses on luxury marketing and strategy. He is co-editor of *The Luxury Market in India: Maharajas to Masses*. Prior to academia, Glyn worked for Saatchi Saatchi, Young Rubicam, and Publicis. Douglas Bryson is Professor at the ESC Rennes School of Business, France. His research is rooted in applied psychology and includes the study of creative work environments, new product adoption, issues in luxury brand management, and brand image. Douglas has experience of consulting in North America, Eastern Europe, and Central Asia.
