Derrin Kent, Richard Hand, Thomas W. Bell : Mahara ePortfolios: Beginner's Guide (Open Source: Community Experience Distilled) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mahara ePortfolios: Beginner's Guide (Open Source: Community Experience Distilled):

This book will provide you with step-by-step instructions to get started with Mahara and create an impressive electronic portfolio. The book is packed with many useful examples and screenshots for easy and quick learning. Pick up this book if you want to get started with Mahara. This book is for you if: You are an employee, student or other type of learner wanting to maintain online documentation of your projects and share it with a particular assessor/CPD Manager/teacher/trainer for feedback. You are a teacher or mentor wanting to set up an e-portfolio for your students or employees in order to encourage and advance personalized and reflective learning. You are a professional wanting to

share your journals and project documents with your team by sharing your existing knowledge and creating new knowledge in communities of professional practice. You are a human resources professional who wants a software application which will enable your team to generate, capture and transfer tacit knowledge. No previous experience of Mahara is required
