0 of 0 people found the following review helpful. Informative readBy CustomerThere are very effective strategies in this book for Forex traders and, as I know basic things about trading, it's time that I get to know the strategies to maximize my profit, which was the highlight of this book.I am very impressed by the techniques themselves and how they are clearly explained in this book.I highly recommend this book.

Why 92% of traders lose money?This book does not describe methods of technical analysis but, in plain and suitable language for everybody, will teach you 3 techniques to identify and exploit the best opportunities for profit in the forex market.The text is easy to read thanks to the many graphic examples and shows, step by step, transactions with the

three mentioned simple but valuable techniques. Following them the investor will be in the 8% of total traders who are considered winners as they consistently have a positive trading performance. The statistics of winning trades is reliable and confirms our previous statement.
