**Colin Davidson : Managed Funds For Dummies** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Managed Funds For Dummies:

0 of 0 people found the following review helpful. Learnt enoughBy RojayThis book was not the easiest to read, (but I've never been a fan of the dummies books). In saying that, I don't regret buying or reading this book and it did show me that maybe managed funds are not for me. Which maybe is why I did not enjoy this book as much as others I have read.0 of 0 people found the following review helpful. good source of infoBy Ivan FisherVery few books are targeted at aussie market so finding objective info is hard. This book is a great source of info

Created especially for the Australian customer! Find your way through the managed fund maze and make the most of your investments! Multi-sector equities? Concentrated funds? How about index funds? If you're being deafened by the volume of investment options, this accessible and informative guide shows you the way! Find the best fund for your needs with lots of insider tips.
