**Stephen Soundering : Management 101: From Hiring and Firing to Imparting New Skills, an Essential Guide to Management Strategies (Adams 101)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Management 101: From Hiring and Firing to Imparting New Skills, an Essential Guide to Management Strategies (Adams 101):

0 of 0 people found the following review helpful. Five StarsBy Harvey Ricardo PannellGreat book for anyone, not only supervisors.

A crash course in managing productive, successful, and happy employees! Effective employee management is

imperative to a business' success, but all too often management books turn the important details of best practices into tedious reading that would put even a CEO to sleep. Management 101 cuts out the boring explanations of management policies, and instead provides hand-on lessons that keep you engaged as you learn how to manage productive, happy employees. From hiring and firing to delegating and coaching, this primer is packed with hundreds of entertaining tidbits and concepts that you won't be able to get anywhere else. So whether you're a business owner, a middle-manager with many direct reports, or an entry-level employee learning to supervise interns, Management 101 has all the answers--even the ones you didn't know you were looking for.

About the Author Stephen Soundering retired from a successful thirty-five-year career in human resources in 2013 to teach management strategies, policies, and techniques to new managers through intensive workshops and corporate retreats.
