Mohamed Branine : Managing Across Cultures: Concepts, Policies and Practices before purchasing it in order to gauge whether or not it would be worth my time, and all praised Managing Across Cultures: Concepts, Policies and Practices:

Electronic Inspection Copy available for instructors here Managing across Cultures introduces the concepts, policies and practices of managing resources in different socioeconomic, political and cultural contexts. It is structured on a country-by-country basis to allow a closer and more rigorous examination of the factors that influence labour market trends, organization and employment policies and practices in specific countries. The book:- includes dedicated chapters on emerging economies in Asia, Africa, the Middle East and Latin America - provides an understanding of the theoretical underpinnings and the practical implications of different national approaches to management in a clear

and coherent style-packed with case studies and examples from a wide range of geographical contexts- contains learning features such as: learning objectives; tasks; summaries; suggestions for further reading; and revision questions.
