From Palgrave Macmillan : Managing Economies, Trade and International Business before purchasing it in order to gauge whether or not it would be worth my time, and all praised Managing Economies, Trade and International Business:

A multidisciplinary and transversal study of issues for governments, regulatory authorities and international business. Written for academics and professionals alike it explores the main themes of economic growth and sustainable development; trade, law and regulation, and competitive and managerial issues for international firms.

About the Author Aidan O'Connor is Professor of Strategy and International Business at ESCEM School of Business and Management, France. He has extensive experience in banking and academia in several European countries and is Visiting Professor at the University of Osnabrück, Germany.
