Dale Carnegie : Public Speaking for Success before purchasing it in order to gauge whether or not it would be worth my time, and all praised Public Speaking for Success:

0 of 0 people found the following review helpful. Great conditionBy RvnSIt was a expected, which is the best there could be for a book.0 of 0 people found the following review helpful. Excellent, but please review last part of kindle editionBy dragosExcellent book! I would have one observation regarding the kindle format. The last chapter containing inspirational stories has few issues. I found 3 paragraphs which interrupt suddenly and start with other ideas, other flow of thought and it is very frustrating...please check and do something on these lines...It is a pity to have such minuses with such a great book!0 of 0 people found the following review helpful. Five StarsBy RazelleIn great Condition. it's a small book.

Dale Carnegie, author of the legendary *How to Win Friends and Influence People*, began his career as the premier "life coach" of the twentieth century by teaching the art of public speaking. Public speaking, as Carnegie saw it, is a vital skill that can be attained through basic and repeated steps. His classic volume on the subject appeared in 1926 and was revised twice—in shortened versions—in 1956 and 1962. This 2006 revision—edited by a longtime consultant to Dale Carnegie Associates, Inc., and the editor in charge of updating *How to Win Friends and Influence People*—is the definitive one for our era. While up-to-date in its language and points of reference, *Public Speaking for Success* preserves the full range of ideas and methods that appeared in the original: including Carnegie's complete speech and diction exercises, which follow each chapter, as the author originally designated them. This edition restores Carnegie's original appendix of the three complete self-help classics: *Acres of Diamonds* by Russell H. Conwell, *As a Man Thinketh* by James Allen, and *A Message to Garcia* by Elbert Hubbard. Carnegie included these essays in his original edition because, although they do not directly relate to public speaking, he felt they would be of great value to the readers. Here is the definitive update of the best-loved public-speaking book of all time.
