**Theresa M. Szczurek : Pursuit of Passionate Purpose: Success Strategies for a Rewarding Personal and Business Life** before purchasing it in order to gage whether or not it would be worth my time, and all praised Pursuit of Passionate Purpose: Success Strategies for a Rewarding Personal and Business Life:

0 of 1 people found the following review helpful. YawnBy chungkingVery tedious to read. Yet another framework, whose primary purpose is to give you something to remember, rather than to simplify your life or help you find the focus to achieve your goals.I give it two stars, rather than one, because I can believe it might help a reader who'd never

before read a book of this type. If the title piques your interest, I suggest checking it out at the library before you buy. But there really are so much better professional and personal self-help books out there. One of my favorites: *Improv Wisdom: Don't Prepare, Just Show Up*. 8 of 11 people found the following review helpful. Just the Push You Need  
By Jordan I had been sitting on the fence finishing my book. After reading *Pursuit Of Passionate Purpose*, I realized no one was going to finish the book but me and I didn't have forever to live my dreams. Each day that went by that I didn't do what I loved was a lost day. The book provided the push to discipline myself, focus my day, and live what I love. After reading the book, I finished the pieces I need to sell my book. But I loved the process of living my dream each day that I wrote. Thank you Theresa.

By John C. Anderson I quit my job as a technician at Particle Measuring Systems in Boulder with reservations. I enjoyed the work and the people but felt I was not communicating well with certain engineers. Lizard (code name for one of the engineers) loaned me a wonderful book, though. It's called *Pursuit of Passionate Purpose* by Theresa Szczurek. That last name reminds me of the author of *Flow* -- Csikszentmihalyi. The *Pursuit of Passionate Purpose* deals with a topic Thomas Jefferson discussed: the battle between the heart and head in making decisions. I encourage everyone to read this book.  
John Cutler Anderson nickname "Lucky" Boulder, Colorado

In *Pursuit of Passionate Purpose*, self-help guru Theresa Szczurek reveals that the real key to a successful and happy life is in knowing what it is that you truly desire and pursuing it with determination. Based on the everyday wisdom of eighty successful people from all walks of life, along with the practical strategies she used to pursue her own passion, Szczurek presents a proven, step-by-step plan for effectively pursuing whatever your passionate purpose is. By emulating the six strategies/characteristics that almost all truly successful people share, you'll discover who you really are, what you really want from life, and how to achieve it.
