Example:- Answer for Question 192 should be "B" NOT "C"- Answer for Question 91 should be "B" NOT "C"- Answer for Question 223 should be "C" NOT "A"10 of 10 people found the following review helpful. WorthlessBy RichDo not expect the PMP exam questions to be even close to the ones in this book. I passed the exam, but studying these questions did not help me at all.1 of 1 people found the following review helpful. Good first step -

needs editing. By Customer A good tool for study - I have the Kindle version. Easy to read and easy to navigate but there were several errors in kindle and book format that have not been fixed yet. You need to also find the Errata Sheet for the book. To really get the advantage from the ebook, you need to open it on a device like a kindle or iPad that is put in "Airplane" mode.. then open up the same book in the cloud reader. This way you can have the questions and answers readily available as you review your practice testing. You need the airplane mode so you don't end up jumping to whatever page the cloud reader is on.

PMI introduced its first question and answer guide in 1997 and, as the project management profession continues to mature, improvements to Q As for the PMBOKreg; Guide have evolved naturally from student and instructor feedback on the previous editions. This newest edition contains questions that are to the point and stress the core essentials of project management. Those who want to learn more about the profession, as well as those who want to fine-tune their development skills, will find:

- A straightforward question and answer format with multiple choice questions covering key project management themes and concepts of the project management framework and the ten project management knowledge areas in the PMBOKreg; Guide ndash; Fifth Edition.
- Questions and answers derived from and categorized by PMIrsquo;s best selling global standard, the PMBOKreg; Guide ndash; Fifth Edition.
- An answer section with reference page numbers and relevant quotations from the PMBOKreg; Guide ndash; Fifth Edition to help you enhance your breadth and depth of knowledge in a specific area. Once yoursquo;ve read the PMBOKreg; Guide ndash; Fifth Edition, yoursquo;ll want to test yourself with this useful complement. How much do you really know about project management? Do you have all the answers? Whether you are a seasoned professional, novice, student, or instructor of project management, you will appreciate Q As for the PMBOKreg; Guide Fifth Edition for its rich content and ability to test your skill and knowledge.
