Kim Scott : Radical Candor: Be a Kick-Ass Boss Without Losing Your Humanity before purchasing it in order to gauge whether or not it would be worth my time, and all praised Radical Candor: Be a Kick-Ass Boss Without Losing Your Humanity:

8 of 8 people found the following review helpful. Truly great read By Timmmaaayyy As a Googler and startup founder, everything Kim talks about resonates with me deeply. The approach to radical candor feedback, being truly transparent balanced alongside caring for your team is the right modern approach to management. A great read for

anyone considering starting a company or for managers everywhere. 0 of 0 people found the following review helpful. The holy grail of management books By Stef LI hardly write reviews for books, but this one is worth the read. I'm only half way through and she's brought so much clarity to my management failures and triumphs. I now understand the things that made me fail my first time around and successful my subsequent times around. And now that I have a framework to understand, I feel like I can build a team that reflects accordingly. Good times. Thanks Kim. Is it too passive aggressive for me to give my current manager a copy of this book? 3 of 3 people found the following review helpful. Great book applicable to leadership at all levels By A Customer It is amazing how simple the concept is, but how hard it is to fully grasp before finally breaking it down and doing it. I started by inviting candor and then coaching candidly and I have already experienced a positive impact. Care personally, coach candidly, and help people be their best.

Now a New York Times and Wall Street Journal bestseller "I raced through *Radical Candor*--it's thrilling to learn a framework that shows how to be both a better boss and a better colleague. *Radical Candor* is packed with illuminating truths, insightful advice, and practical suggestions, all illustrated with engaging (and often funny) stories from Kim Scott's own experiences at places like Apple, Google, and various start-ups. Indispensable." --Gretchen Rubin author of New York Times bestseller *The Happiness Project* "Reading *Radical Candor* will help you build, lead, and inspire teams to do the best work of their lives. Kim Scott's insights--based on her experience, keen observational intelligence and analysis--will help you be a better leader and create a more effective organization." --Sheryl Sandberg author of the New York Times bestseller *Lean In* "Kim Scott has a well-earned reputation as a kick-ass boss and a voice that CEOs take seriously. In this remarkable book, she draws on her extensive experience to provide clear and honest guidance on the fundamentals of leading others: how to give (and receive) feedback, how to make smart decisions, how to keep moving forward, and much more. If you manage people--whether it be 1 person or a 1,000--you need *Radical Candor. Now.*" --Daniel Pink author of New York Times bestseller *Drive* From the time we learn to speak, we're told that if you don't have anything nice to say, don't say anything at all. When you become a manager, it's your job to say it--and your obligation. Author Kim Scott was an executive at Google and then at Apple, where she worked with a team to develop a class on how to be a good boss. She has earned growing fame in recent years with her vital new approach to effective management, *Radical Candor*. *Radical Candor* is a simple idea: to be a good boss, you have to Care Personally at the same time that you Challenge Directly. When you challenge without caring it's obnoxious aggression; when you care without challenging it's ruinous empathy. When you do neither it's manipulative insincerity. This simple framework can help you build better relationships at work, and fulfill your three key responsibilities as a leader: creating a culture of feedback (praise and criticism), building a cohesive team, and achieving results you're all proud of. *Radical Candor* offers a guide to those bewildered or exhausted by management, written for bosses and those who manage bosses. Taken from years of the author's experience, and distilled clearly giving actionable lessons to the reader; it shows managers how to be successful while retaining their humanity, finding meaning in their job, and creating an environment where people both love their work and their colleagues.

"Reading *Radical Candor* will help you build, lead, and inspire teams to do the best work of their lives. Kim Scott's insights based on her experience, keen observational intelligence and analysis--will help you be a better leader and create a more effective organization." Sheryl Sandberg, author of *LEAN IN* About the Author Kim Scott is the co-founder and CEO of Candor, Inc. Kim has been an advisor at Dropbox, Kurbo, Qualtrics, Shyp, Twitter, and several other tech companies. She was a member of the faculty at Apple University and before that led AdSense, YouTube, and Doubleclick Online Sales and Operations at Google. Previously, Kim was the co-founder and CEO of Juice Software, a collaboration start-up, and led business development at Delta Three and Capital Thinking. Earlier in her career, Kim worked as a senior policy advisor at the FCC, managed a pediatric clinic in Kosovo, started a diamond cutting factory in Moscow, and was an analyst on the Soviet Companies Fund. She is the author of three novels *Virtual Love*, *The Househusband*, and *The Measurement Problem*; she and her husband Andy Scott are parents of twins and live in the San Francisco Bay Area.
