**From Routledge : Research in International Marketing (RLE International Business) (Routledge Library Editions: International Business)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Research in International Marketing (RLE International Business) (Routledge Library Editions: International Business):

This book considers problems which can be serious obstacles in international marketing but which are much less difficult in domestic marketing, such as cultural differences; the establishing and maintaining of relationships with customersrsquo; and the special problems for firm strategy and organisation arising from the internationalisation

process.
