Very basic, but that could be what you needBy Melissa in VirginiaThis book is really good if you are truly starting with little to know knowledge of how IRA's and SEP's work. If you have the basics down, you'll find it a waste of time.5 of 5 people found the following review helpful. Expected moreBy AZCraigA good primer on self-directed IRAs and questions to ask to establish one. While this book had some good information,it is pretty dated. It also had a very strong real estate bias.0 of 0 people found the following review helpful. greatBy Customergreat

Recently, many smart investors have exited the stock market because they have lost control of their investments. They have relied on the advice and skill of their brokers, bankers, and financial advisers. Many retirement accounts have dwindled or not increased. Fortunately, there is a great but little-understood alternative: the self directed IRA. This book will teach you how to turn your IRA into a wealth-building tool that you control 100%! Take command of your investment future, and make sure your investments are performing for YOU, not someone else. New IRS regulations and the new self-directed IRA make it effortless to build up and keep hold of IRA money. In this book you'll find out how to benefit from the new IRS rules and how to stay away from problems. The self-directed IRA lets you act as your own investment manager. Learn how to set up your account with a custodian or IRA administrator to deal with the day-to-day activities, such as depositing contributions and executing and settling investment transactions. It's easy, fun, and puts you back in control of your retirement account. Retire Rich with Your Self-Directed IRA combines essentials, insight, and insider secrets to secure a financial victory after retirement.
