Jacqueline Jeynes : Risk Management: 10 Principles before purchasing it in order to gage whether or not it would be worth my time, and all praised Risk Management: 10 Principles:

0 of 0 people found the following review helpful. GreatBy KSBRequired for my course work and really enjoy.0 of 0 people found the following review helpful. Four StarsBy Barry J GordonGood service no issues0 of 1 people found the following review helpful. The book hitherto not known to me exudes lots that ...By isa keffi tukurThe book hitherto not known to me exudes lots that I benefitted from.However, I expected more than that prior to buying it.For instance, in the book you only get the internal factors within an organisation that would be affected by risk.I had to scavenge from other literatures those that are external.Secondly, the book is highly expensive when converted to our

local currency-16, 000 naira.This sort is one of the causes of piracy in this part of the world.Thank you.

In the same way as the 4Ps of marketing are a fundamental principle of business theory, this book puts forward the 10Ps of Risk Management as a consistent and comprehensive approach to the subject. The 10Ps of Risk Management offers a holistic approach, bringing together all elements of risk management for managers, safety and environmental consultants, business advisers and students on occupational health and safety and environmental studies courses.
