A. Luedtke, L. Svedin, Thad E. Hall : Risk Regulation in the United States and European Union: Controlling Chaos before purchasing it in order to gage whether or not it would be worth my time, and all praised Risk Regulation in the United States and European Union: Controlling Chaos:

Globalization and technology have altered public fears and changed expectations of how government should make people safer. This book analyzes how Europeans and Americans perceive and regulate risk. The authors show how public fears about risk are filtered through political systems to pressure governments to insure against risk.
