**Jack Clark Francis, Richard L. Taylor : Schaum's Outline of Investments (Schaum's Outlines)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Schaum's Outline of Investments (Schaum's Outlines):

0 of 0 people found the following review helpful. Old 2nd edition By QueenGuess I should have paid more attention that this was a second edition book, however it came up as a suggestion to go along with Investments 10th edition, hardcover textbook I ordered for school. Not worth returning so I'm stuck with it!! 1 of 1 people found the following review helpful. Very good look-up reference book. Not a primer. By Akamai22 Great for quick lookup. But this book is for reminding you, not for teaching beginners. It's brief, focused and terse. Very handy for those terms you generally

understand but perhaps need confirmation or to refresh your memory of the details. 0 of 0 people found the following review helpful. Buy it! By Jorge Leon-Baca An excellent book. Good training material for a novice like me. Price very attractive.

Investment courses are in demand by 800,000 business majors and lifelong learners in non-degree programs every year. Schaum's Outline of Investments, Second Edition, presents this authoritative learning guide to the decade's hottest topics; making money grow. Contains clear and concise explanations of investment principles, contemporary investment strategies, and international markets.
