Johnson I have been on the fence as an extrovert/introvert for years and often puzzled about how to act or react to a situation. This book clarified a lot of questions I had and provided excellent guidance for future contacts and work style.

An indispensable guide that helps introverts excel in an extrovert's world All professionals need to promote themselves to advance in their careers, and introverts face the unique challenge of overcoming their reserved natures to get their message out. But as Nancy Ancowitz explains in this essential resource, introverts need not battle against their natural tendencies in order to raise their career visibility. *Self-Promotion for Introverts*; shows readers how to leverage their quiet skills and talk about themselves and their businesses, ideas, and accomplishments confidently and with minimal stress to get the recognition they deserve.

"Filled with tips ... The author's tone is supportive and she does not argue that introverts should become live wires." --The New York Times "Best Books 2009" --Publishers Weekly "Best Book Gifts" --ABC News "Best New Career Books" --The Star-Ledger "Must-read Fall Books for IT Execs" --CIO Insight "Offers a solid dose of practical advice - alongside humorous anecdotes - for introverts to assert themselves by using their inherent tendencies in the most effective ways ... Written in a practical, precise, and smart way, Ancowitz shows introverts how to take advantage of the unique qualities and strengths they can offer, but also how to network, build visibility, have a memorable impact on others, speak publicly, interview effectively, own their own strengths, and much more ... One important thing to note is that the book is not about teaching an introvert to become an extrovert. The aim of the book is not to change people to be something they are not, but rather to refine them into the strongest versions of what they already are." --Positive Psychology New Daily "Written by an introvert for introverts ... If you're not an introvert, but have introverted customers or employees - this could be your lucky day. At first I thought this book was just for introverted people, until I realized how powerful my messages could be if I organized them in a way that my introverted audiences could appreciate and feel comfortable around." --Small Business Trends "*Self-Promotion for Introverts*; is a primer on doing just that - helping 'quiet sorts' assert themselves by using their inherent tendencies in the most effective ways." --Fort Myers Florida Weekly About the Author Nancy Ancowitz is the creator of the popular *Self-Promotion for Introverts*; workshop, which she offers at New York University.
