From Palgrave Macmillan : Transformation of the Employment Structure in the EU and USA, 1995-2007
before purchasing it in order to gage whether or not it would be worth my time, and all praised Transformation of the Employment Structure in the EU and USA, 1995-2007:

This collection describes the changing structure of employment during the period of robust employment expansion that preceded the credit crunch and features contributions from a team of leading labour market researchers from Europe and the United States.
