Best Pinterest Guide EverBy CustomerIf you are looking for a friendly and easy to follow guide to pinterest, you have come to the right place because I will share with you my thoughts about this wonderful book. The book by Karen Leland is every thing you would want to see in a book like this one, but much more. It helps you understand the power of pinterest and how you can go about taking advantage of this powerful social media player. You will find a step by step guide that will make you admire the book in every page as you learn to create board, pin, and repin pictures so you can drive traffic to your website products. Every one in a small business should read this book fast because otherwise you will continue to lose ground to the competition.0 of 0 people found the following review helpful. How to Use the Pinterest PlatformBy Tim BurtonI like this book because it's a good online business book and how to use a fun social media platform. All the Ultimate Guides are good.This is very well written.0 of 0 people found the following review helpful. Such an eye opener and extremely helpfulBy Carolyn WilhelmI am an Pinterest often, and was so amazed to learn much more about it than is apparent from just

interacting with the site. I do not know how the author learned the information, but I am glad she did and is willing to share. Written in a formal business style was such an interesting way to look at Pinterest.

With 4,000 percent growth in just six months, 17 million users, and a record for more referral traffic than YouTube, Google+, and LinkedIn combined, Pinterest delivers an unbelievable opportunity for marketers . . . if they know how to effectively use it. Karen Leland acquaints business owners with the newest social media kid on the block. She covers: the ins and outs of signing up and getting started; building boards that get noticed, drive traffic, and convert fans into customers; creating a Pinterest community through power connections, contests, social media outreach, and smart pinning strategies; strategies for becoming a power Pinterest user and creating an enthusiastic following; best practices for pins that promote, including image optimization, consistent branding, social media integration, and high-value content; and Pinterest etiquette. Business owners learn to expand their business and brands; success one pin at a time.

Every small business should read this book - not only because it will show you exactly how to use Pinterest to promote your business, but for the marketing and branding lessons Karen Leland has managed to weave throughout the book.
