From Oxford University Press : Understanding the Firm: Spatial and Organizational Dimensions before purchasing it in order to gauge whether or not it would be worth my time, and all praised Understanding the Firm: Spatial and Organizational Dimensions:

Firms are at the very heart of modern day life. This book addresses some of the gaps in the current state of the theory of the firm from an economic geography perspective: issues around the boundaries of the firm; the collective agency of the firm; the political firm, financial markets, and the state; and the firm in place.

About the Author Michael Taylor is Professor of Human Geography in the School of Geography, Earth, and Environmental Sciences, University of Birmingham, UK. Paivi Oinas is a Research Fellow in Department of Applied Economics at the Erasmus University Rotterdam.
