Rod Powers : Veterans Benefits For Dummies before purchasing it in order to gage whether or not it would be worth my time, and all praised Veterans Benefits For Dummies:

3 of 3 people found the following review helpful. interestingBy John DuntenVery in lighting. There is a lot of information in this book but I did find one incorrectness. The writer said there was no place where all of our info is kept. Last year 2013 I started the process of opening my USMC file and my Vet rep, sent off for my history. I was sent all of it! From the date I enlisted, all my medical records and every ship, place and time I ever made a move, all my awards and up to my last days and where I departed the service.1 of 1 people found the following review helpful. understandableBy Penny LWe are currently going through a part of our lives that we need to reach out and see what kind of help is available. This book explains things in easy to understand terms and will help us discuss our options.1 of 1 people found the following review helpful. easy to understand even for dummiesBy Michael Doneganvery informative

Saving veterans and their families from months of phone calls and internet searches, Veterans Benefits For Dummies

outlines the various programs that the VA and other government agencies have in place as well as the procedures for filing applications, claims, and appeals for these benefits which include: * Health care * Ongoing care for wounded and disabled vets * Education assistance * Vocational rehabilitation * Life insurance * Home loan guarantees * Pensions * Survivors' benefits * Burial benefits
