Ruth Simpson, Patricia Lewis : Voice, Visibility and the Gendering of Organizations (Management, Work and Organisations) before purchasing it in order to gage whether or not it would be worth my time, and all praised Voice, Visibility and the Gendering of Organizations (Management, Work and Organisations):

Voice, Visibility and the Gendering of Organizations examines how gender is linked to organizations and accounts for

the differences in the experiences of men and women in the world of work. The book is structured around the two interrelated concepts of visibility and voice, which are the key themes in the gender/organization literature.

'...this book is a little gem...In fewer than 100 pages, *Voice, Visibility and the Gendering of Organizations* provides a remarkably clear insight into some important dimensions of gender studies.' - Robyn Walker, *Gender in Management*

'...this book is a little gem...In fewer than 100 pages, *Voice, Visibility and the Gendering of Organizations* provides a remarkably clear insight into some important dimensions of gender studies.' - Robyn Walker, *Gender in Management*
