Randy Gage : Why You're Dumb, Sick and Broke...And How to Get Smart, Healthy and Rich! before purchasing it in order to gage whether or not it would be worth my time, and all praised Why You're Dumb, Sick and Broke...And How to Get Smart, Healthy and Rich!:

3 of 3 people found the following review helpful. Common sense distilledBy Michael S. ArmentroutI have had an on/off relationship with Randy Gage's work for a few years. At first he struck me as campy...you know, the MLM guy. He popped up on my radar a few times a year and I would give his message another go. As I have aged, his ideas make

more sense to me. I suppose to, to use Randy's parlance, I had too much of a victim mindset to appreciate his message. I recall him suggesting watching one of his videos per day. I tried that and started to better grasp his overall message. I started to get the bigger picture and see my role in my life's creation more clearly. It was then that I purchased the book. All I can say is that it is an amazing manifesto on personal responsibility. The ideas put forth, once pondered, are critical to success in any area and at any level. This IS NOT a book to read in one sitting and move on. This is a book to be digested and contemplated over time. To fully realize the potential of this book, one must invest in some honest introspection. Once you do that, things will appear a bit different. You will notice the ways you are sabotaging your own growth and development, taking the status-duo as the "gospel." This book made a huge impact on my self-reflection. Very similar to *As Man Thinketh* by James Allen. I put those two on a similar plane. 1 of 1 people found the following review helpful. Ignorance may not be bliss after all... By Bobby James I read this book several times and gave copies away to my friends and family to save them from the darkness of ignorance that is coming out of Hollywood, Pop Music, Pop Culture, K-12 Miseducation, etc. This book will offer lots of much needed counter balance to the decades of leftist assault that this country's citizens have suffered thru and are now paying for with their vanishing quality of life. 0 of 0 people found the following review helpful. Absolutely worth reading and challenging your mindset with!!! By Manley | Vertical Lessons .com This book challenged me, in a big way. Which is exactly what I wanted and needed, even though it was uncomfortable at times. If you feel like you might be holding yourself back in some way, do yourself a favor and invest a few minutes in yourself. I bet you'll be better off for it, even if you just reflect on and strengthen your conviction in your current mindsets. More likely, you'll make a shift in your approach to life, and don't be surprised if this book sparks some major shifts in your life. Absolutely worth it-

This groundbreaking self-help book reveals the secrets of manifesting health, happiness, and prosperity in your life—but not in a way you've experienced before. Blunt, outspoken, and brutally honest, Randy Gage shoots down the forces that hold you back and keep you dumb, sick, and broke, and shows you how to take action to get smart, healthy, and rich.

From the Inside Flap If you're one of the millions of people stressed with money issues, struggling with health challenges, or enduring work that brings you no satisfaction, *Why You're Dumb, Sick and Broke . . . And How to Get Smart, Healthy and Rich!* is the perfect book for you. And it's perfect for those winning the rat race . . . but living like a rat. In this powerful and groundbreaking book, Randy Gage reveals the secrets of manifesting health, happiness, and prosperity in your life—but in a way you've never experienced before. He takes the timeless and universal principles of success and applies them to the complexities, challenges, and realities of today's world. *Why You're Dumb, Sick and Broke . . . And How to Get Smart, Healthy and Rich!* takes on all of the people, institutions, and beliefs that threaten your health, happiness, and prosperity. But be forewarned: Gage is blunt, outspoken, and brutally honest. No target is off limits—from religious leaders to media outlets, from well-meaning family members to New Age self-help gurus. He is dedicated to exposing the insidious role of "memes" that can infect your subconscious mind and cause you to sabotage your own success. From reality television to an education system that kills critical thinking ability—from cults to organized religion, from dysfunctional families to the pervasive mentality of victim-hood and entitlement—Gage holds nothing back in revealing the forces at work in keeping most people dumb, sick, and broke. Read this book and discover his powerful action plan for getting smart, healthy, and rich!

From the Back Cover Shocking. Controversial. Brilliant. Randy Gage has been dubbed "The Millionaire Messiah" because he believes it is a sin to be poor and you were born to be rich. His "Deepak Chopra meets Dennis Miller" style is bold, brash, but right on target if you want to know the secrets of success. This book is not warmed-over, New Age mumbo-jumbo but scathing, straight talk on what it really takes to wise up, get healthy, and get rich in today's complex and competitive world. Gage is controversial, politically incorrect, and not afraid to take on some of the most hallowed institutions of our day, from organized religion to government, from pop culture to the food you eat. This thought-provoking book will challenge your beliefs, help you confront your fears, and—show you how to get smart, healthy, and rich!

Gage On: The Late Pope: "Like most religious leaders, his actions actually worked to keep his followers dumb, sick, and broke. He leaves behind a legacy of poverty, ignorance, and despair." Selfishness: "Your highest moral prerogative is your own happiness." The American Diet: "Ninety percent of what most of us eat on a daily basis is now 'fake food.'" Governments: ". . . are corrupt by their very nature. Your government wants and needs you to be a worker drone in the collective support system in harvesting wealth from the productive people and distributing it to the unproductive—which solidifies their power base." People Whose Life Purpose is to "Serve God": "Ought to be in a straightjacket." About the Author Randy Gage has been called a "Jedi Knight of Prosperity." He takes that role seriously, working to save the inhabitants of the universe from their worst enemy--themselves. For more than twenty years, he has been helping other people transform self-limiting beliefs into business and personal success. A former high school dropout, Randy rose from a minimum wage dishwasher to a multi-millionaire. This astonishing journey provides the foundation for the principles he teaches to empower others to

reach success.
