**V. Stead, C. Elliott : Women's Leadership** before purchasing it in order to gage whether or not it would be worth my time, and all praised Women's Leadership:

Women's Leadership nbsp;challenges traditional concepts of leadership that drawnbsp;on the male experience andnbsp;offers an alternative construction that emerges from the female experience. Highlighting leadership's social,

cultural and political roots, the authors argue that leadership is neither a free floating nor a gender neutral concept.
