Elizabeth B. Brown : Working Successfully with Screwed-Up People before purchasing it in order to gage whether or not it would be worth my time, and all praised Working Successfully with Screwed-Up People:

0 of 0 people found the following review helpful. Five StarsBy Tracy D. O'connellA+++ great gift for employees0 of 0 people found the following review helpful. Useful bookBy CustomerGood book to have. Wish I'd owned it years ago when I had to work with some people who had issues. Fortunately the people I work with now are very agreeable and professional.2 of 2 people found the following review helpful. It's the title!By Honest OpinionNo doubt the title of this book sold more copies than the substance of what lies within. Lots of common sense but with a title like that I

expected much more humor.

Let's face it. Some people just don't listen, don't care, and aren't willing to compromise. And you probably work with some of them. The incomprehensible supervisor. The person in the next office who chats more than works. The customer who, by the way, isn't always right. For all those co-workers who drive you crazy, there's a solution. The bestselling author of *Living Successfully with Screwed-Up People* turns her insightful eye to the workplace, showing readers how they can get along with and work successfully beside the people who drive them up the wall. "It doesn't take two people to change a relationship in the workplace," says Elizabeth B. Brown. "It takes one--me!" Her expert advice will help workers in any profession learn how to be unflappable, imperturbable, and unflustered when dealing with the difficult people in their workplace.
