**David Walters, Theo Nichols : Workplace Health and Safety: International Perspectives on Worker Representation** before purchasing it in order to gage whether or not it would be worth my time, and all praised Workplace Health and Safety: International Perspectives on Worker Representation:

A cutting edge look at the experience of worker representation in the employment relations of workplace health and safety. Examining the extent to which existing arrangements deliver results, this book reflects on whether the effectiveness of worker representation is eroded or enhanced by current regulatory and organizational constructs.

About the Author DAVID WALTERS is Professor of Work Environment and Director of the Cardiff Work Environment Research Centre, UK. He has written and researched widely on the political economy of workplace health and safety, as well as its management regulation, and industrial relations. THEO NICHOLS is Distinguished Research Professor, School of Social Sciences, Cardiff University, Wales, UK. He has researched and written widely in the field of economic sociology, including on industrial injury and health and safety.
