Ralph Moore, Alan Tang : Your Money before purchasing it in order to gage whether or not it would be worth my time, and all praised Your Money:

Everyone struggles with money at some point in their lives. Sometimes the problems run so deep that people mistakenly believe that "Money is the root of all evil." Nothing could be farther from the truth. Money is amoral--it is neither moral nor immoral. "The love of money," however, "is the root of all kinds of evil." Hopefully you are free, or

will find financial freedom through the pages of this book. We wrote with three purposes in mind: To provide an understanding of money and its value as a medium for exchanging time and energy between individuals. To equip the reader with tools to get out of debt, build a nest egg, and operate a realistic budget with its roots in faith toward God. To provide a spiritual and philosophical basis for achieving true financial freedom.
